*Support & Solutions for
Stress-Free Stays*

Our mission is to provide tailored solutions and support to our clients to ensure a stress-free sailing experience!

Sailboat Services: Smooth and Safe Maintenance

Docked in the Upper Adriatic area during your sailing journey?

You can rely on us for all your sail repair, running and standing rigging maintenance, and related needs. Our expert team ensures swift, reliable service to keep your vessel in prime condition. Count on us to preserve your sailing experience—contact us today and let us save your journey!

Tailor-made cruising and racing sails

Our custom sails blend performance and durability for both leisure and competitive sailing, crafted to fit your boat perfectly and optimize performance in any wind.

Sails repair and sails upgrade

We provide expert solutions tailored to maintain and enhance sail performance, ensuring long-lasting durability and optimizing sailing conditions for an exceptional experience on the water.

Sails and rigging check-up service

Comprehensive inspection services are conducted to meticulously evaluate and maintain your sails and rigging, ensuring they are in top condition for safe and efficient sailing experiences.

Splicing and rigging service

Our expert team offers meticulous splicing and rigging services, ensuring your sailing equipment is secure and reliable. We specialize in handling all aspects of splicing and rigging, providing professional solutions tailored to your specific needs.

Get To Know Us

Our journey began in 2000 in Gorizia with the production of carbon masts for windsurfing and sail maintenance. In 2006, WaveDogSails was born, a workshop specialized in sails. Our significant breakthrough came in 2008 when we became the service provider for Caracci's sailboat at the Minitransat. This opportunity turned WaveDogSails into a professional sail loft serving numerous successful athletes.

In 2013, we relocated the loft to Slovenia as part of a project with VK Sport, collaborating with industry leaders like Ullman Sail Italia. By 2018, the project evolved into Wind Design Sails, combining high-quality products supplied by Sailing Point with our established expertise in sail production.

Today, with over 20 years of experience, we provide tailored solutions for sailors of all levels, from beginners to racers, both in Italy and abroad.
